Intellectual Property Statement

1. Statement by the Submitters

We, Paulo Sérgio L. M. Barreto and Vincent Rijmen, do hereby declare that to the best of our knowledge the practice of the Anubis algorithm, as well as the reference implementations we have submitted, are not covered by any patents or patent applications worldwide.

We do hereby agree to provide the statements for any patent or patent application identified to cover practice of the Anubis algorithm or its reference implementations and the right to use such implementations for the purposes of the Nessie evaluation process.

We do hereby understand that our submitted algorithm may not be selected by the Nessie project. We also understand and agree that after the close of the submission period our submission may not be withdrawn from public consideration for the goals of the Nessie project.

Should our submission be selected by the Nessie effort, we hereby agree not to place any restrictions on the use of the algorithm intending it to be available on a worldwide, non-exclusive, royalty-free basis.

2. Permission and Authors' Copyright Release

We, Paulo Sérgio L. M. Barreto and Vincent Rijmen, do hereby grant the Nessie project the non-exclusive right to reproduce or to have reproduced, prepare or have prepared in derivative form, and distribute or have distributed copies of all materials included in our submission to the Nessie effort.

We also represent that the exercise of these rights by the Nessie project will not infringe or otherwise violate any rights of another person or organisation.

Agreed and accepted,
